We had an unusually busy year due principally to serious forest fires. A considerable amount of this cost has been rebated from the State and the Town of Fitzwilliam. The forest fire hazard will be greater this coming summer than last particularly if we have a dry season, and we urge every one to be extremely careful and report to the telephone central office any evidence of fires just as quickly as possible.

Our equipment and personnel are in good operating condition. We appreciate the cooperation given by the telephone company, particularly Mr. and Mrs. Gates. In behalf of the forest fire wardens we want to express our appreciation to the American Legion and the Auxiliary for the valuable assistance they have rendered. Again may we caution the public to be careful about their premises and prevent as many fires as possible.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Troy:

I herein submit my sixth annual report as superintendent of schools.

The American system of public schools is today facing the greatest challenge of a century in the scholastic training of its youth during the formative period of life.

For half a century, to my knowledge, we have heard echoing down the stream of education the slogan "Back to the Fundamentals."

Admitting that this slogan has laid a firm foundation for our educational structure, and also that it is highly essential today, yet we note in the rapidly changing conditions of the world, greater emphasis must be placed on the preservation of American institutions.

Indeed, our pupils must drink more deeply and more freely from the fountain heads of Liberty and Freedom, viz., the Bill of Rights and Magna Charta of English history and from our own Constitution.

It may be true that the pupils under a dictatorship are as well trained in so-called fundamentals, but they do lack the major part of that education which is needed for citizenship under our form of government. Democracy's slogan is onward to the most helpful conditions of living for the masses and of opportunities for participation in a democratic society. The founders of our republic believed education essential to the success of democracy. The experience of a century and a half in representative government confirms that belief so strongly that we may say without fear of contradiction that "Our public schools are our first line of defense"; "Our education is the bulwark of the citadel of Liberty."

When the cataclysm of arms in Europe has spent itself and we approach the world-wide renaissance of modern living, we must have our leaders prepared. They must be endowed with the highest type of citizenry, a type which implies the closest cooperation, supplementation and coordination of three vital elements of society, viz., the school, the home and the church.

History tells us that in all great emergencies the great bulk of leaders come from rural sections of the country. Let us hope that Troy may furnish its quota.

CHANGES IN TEACHING CORPS

Due to the installation of two additional courses in the high school, two new teachers were employed. Mr. Carl G. Bartlett, a graduate of Keene Teachers College, was assigned to the Manual Training Department and Miss Ruth E. Maker, a graduate of Keene Teachers College, was assigned to the Domestic Arts. Miss Katherine Gage having resigned, Miss Iva Louise Handy, a graduate of N. H. State College, was elected instructor of English and French.

In the grades, Miss Marion Brown having resigned, Miss Frances Grindstaff, a graduate of Keene Teachers College, was elected as teacher of third grade.

The two new courses in the high school are proving popular. Not only are they an enrichment to our school, but also a training that gives to the pupils an extended vision of their usefulness in life. Excellent work is being accomplished.

In conclusion, I wish to thank the school board, teachers and parents for their cooperation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,
Superintendent of Schools.

REPORT OF HEADMASTER OF TROY HIGH SCHOOL

To the Superintendent of Schools:

I herewith submit my report as headmaster of Troy High School.

Compiled from the registers of the Junior and Senior High Schools at the beginning of the school year 1939–1940.

In the report which I made a year ago I attempted to point out the pupil interest in Home Economics and Woodworking which had been created through club activity in these two fields as sponsored by two members of the high-school faculty. At this time I am pleased to announce the incorporation of these splendid courses into the permanent curriculum of the school.

By taking advantage of the Federally aided and supervised offerings in Home Economics, known as the George Dean Act, we have been able to secure, at a very reasonable salary, an extra teacher for the high school for courses in this department. Remuneration from the government, given for our adherence

to their excellent outline of study and home project supervision, will enable us to completely equip our domestic arts department in a most modern fashion without any cost whatsoever to the town. Equipment purchased so far this year includes four large (four-pupil) sewing tables, three modern sewing machines, one teacher's desk, a built-in ironing board, a flat iron, a wall mirror, and numerous cooking utensils. The department has also been given the loan of a new electric range by the Derry Electric Company. Similar purchases of necessary equipment will be made during the coming year to fulfill the needs of the courses as outlined. Grades nine and ten, which are this year having Textiles and Clothing, will pursue a course in Foods and Nutrition in 1940–41. Grades eleven and twelve, which are this year studying The Home and Its Care, will study The Family and Its Members during the coming year. Only three girls of the high school failed to elect these courses for the year.

In addition to the Federally aided courses, Miss Maker, the home economics teacher, also has daily classes in home making for junior high school girls, and has recently organized a project in the junior and senior home economics class whereby hot supplementary lunches are served at a minimum cost to those pupils who carry their lunches to school. An average of forty-five pupils daily have been taking advantage of these hot, wholesome, and appetizing dishes. It is planned to continue the noon lunch project through the winter months.

Miss Maker also sponsors the junior class as well as clubs in home economics in both the senior and junior high schools.

To enrich the curriculum for the boys of the school as well as for the girls, the unused room in the southwest corner of the school basement was entirely refinished during the past summer, and a very complete set of hand and power tools was installed for use in a cabinet-making course. Mr. Carl Bartlett, a recent graduate from the Trades and Industries course at Keene Teachers' College, was appointed to succeed Mr. Ivah Hackler, and to instruct in shop work as well as in certain academic subjects formerly excellently taught by Mr. Hackler.

All but five of the boys in the high school have elected and are enjoying this course, and under Mr. Bartlett's skillful guidance have built benches, tool rooms, power tool stands and lumber racks with such expert workmanship that they have now

created a shop which is doubtless the equal of that of any small school in the State. It is planned to eventually expand the scope of the shop course to include work in machine shop, shop electricity, auto mechanics, smithing, and sheet metal work.

Mr. Bartlett also has daily classes in junior high school manual training, assists Mrs. Whitcomb with the school orchestra, leads the Hi-Y club, assists in the leadership of the Barker Pioneers, has a shop club, and sponsors the freshman class.

To relieve the badly crowded condition in the junior high school home room, a reorganization of the grades by teachers and pupils was recently carried out. Under the new plan the grades from one to six are all located on the first floor of the building under five elementary teachers, and the entire upper floor of the building is occupied by the junior and senior high school only. Miss Kononan, who formerly had forty-six pupils with the seventh and eighth grades together, now has the eighth grade only. Mr. Noucas, who has been teaching the sixth grade, now teaches in the junior high school and is the home-room teacher for the seventh grade. To date the new arrangement has functioned most satisfactorily.

Miss Iva Handy, successor to Miss Katherine Gage in the English department of the school, has had commendable results in her work with the English and French classes as well as in her guidance of those extra-curricular activities to which she has been assigned. Miss Handy has had charge of the coaching of the senior play, the guiding of the staff of the school magazine, THE TROJAN, the sponsorship of a French club and the sophomore class, and has quite materially aided in acquainting the public with the activities of the school through her weekly "Troy School Notes," in the Keene SENTINEL. We are indeed fortunate to have as conscientious a teacher and one who is endowed with such a breadth of knowledge and experience.

Because of the splendid records which our athletic teams have been making and the favorable publicity given the school through their efforts, there is little need for me to describe the excellent work being done by our coach, Mr. James Noucas. The result which he has obtained in building stronger boys and girls as well as stronger teams speaks for itself. The pressing need for more adequate gymnasium facilities for the furtherance of this highly valuable form of training still strongly presents

itself and should be carefully considered by all those interested in the welfare of our children. The appointment of a committee, at the last school district meeting, to investigate the feasibility of constructing an addition to our present school plant in the form of an auditorium-gymnasium, was indeed a step in the right direction towards the completion of a school plant in Troy of which we may all be justly proud, and in which our children will receive that which they justly deserve — a well-rounded education in a modern school building under the skillful guidance of well-trained teachers.

With the aid of a very generous gift of money from the Troy Textile Union, we have been able to purchase new warm-up jackets and suits for the first ten players of the boys' basketball team, and new warm-up jackets for the first ten members of the girls' basketball team.

In my report last year I pointed out that between the years 1935–1938, only 37% of our graduates had entered post-secondary schools. I am pleased at this time to announce that 70% of our 1939 graduates have taken advantage of further study after leaving Troy High School.

In conclusion, I wish to thank the superintendent of schools, the school board, the teachers, and pupils, all of whom have supported and assisted me during the past year, in my efforts to improve the Troy schools. In addition to those teachers specifically mentioned above, I should like in particular to thank Mrs. Mildred Whitcomb for her conscientious efforts with the choral groups and orchestra, Miss Frances Grindstaff for her leadership in the girls' Tri-Hi-Y club, and Miss Louise Barnum for her willing and efficient cooperation in handling the school's extra-curricular finances as treasurer of the activity funds.

Respectfully submitted,

GERALD H. FAUNCE

Headmaster.

REPORT OF SUPERVISOR OF MUSIC

The routine of class and chorus work has been followed as outlined in a previous report. In addition, the Troy School Orchestra was organized last spring following the class instrumental instruction by Mr. Henrickson and Mr. Farr. I wish to urge parents to seriously consider the advantages of having instrumental instruction in school during school hours, and to see that their children avail themselves of this opportunity. As this goes to press, the School Orchestra has an engagement to play for the Fitzwilliam Junior High School on the evening of its play — March 1.

Plans are under way for an operetta to be given in the near future.

The 1939 New Hampshire High School Music Festival was held in Concord, May 11–13, and those going from Troy to join the All-State Chorus were Evelyn Gove, Beverly Parker and Edward Lang. With the Chorus members from Fitzwilliam and Jaffrey they met for weekly practises with their Director. School Assemblies were held in each of the three towns when the singers presented, from memory, each number to be sung by the three hundred voice chorus in the Festival. Preparations are now being made for this year's Festival which will be held in Laconia.

A radio has been installed for use in the grades. Pupils of Grades V and VI have listened to Series A of the N.B.C. Music Appreciation Hour and Junior High has continued with Series B.

In closing I would express gratitude to the Superintendent, School Board, and teachers for their hearty cooperation and to Headmaster Faunce in particular for his interest and support.

Respectfully submitted,

MILDRED WHITCOMB
Supervisor of Music.
